FRANCE.

Tuiler's Term of Office Prolonged.

Substance of the Terms.

Intrigues of the Monarchists.

Their Want of Success.

PARIS, Sept. 2.—The terms on which Thiers has been elected President are more propitious than those which he had previously secured.

The most important part of the Bill reads: "The powers which Thiers has been elected President are more propitious than those which he had previously secured."

As chief of the executive, he is empowered to appoint and dismiss Ministers. His official residence will be at the place where the Assembly meets.

He will be elected as the representative of the Republic. He shall have the right to appoint and dismiss Ministers.

The members of the Assembly have been elected by universal suffrage. The President will be elected for a term of five years.

There has been accepted in the Presidency on these terms, not because the National Assembly is satisfied with him, or because it is afraid of his resignation, but simply for the sake of peace.

place. Indeed the majority of the Assembly has been dissatisfied with the course of Thiers, and has made great efforts to supersede him.

The party of the right has repeatedly offered the Presidency to the Duke d'Angoulême, but he did not accept it.

The leaders of the party of the right have successfully asked Marshal McMahon and General Changarnier to accept the office of Chief of the Executive for an indefinite period on the terms of the pact of Bordeaux, but they both refused, saying that they were unwilling to become the pretext for dissension.

Thiers' own views strongly recommended the acceptance of Thiers' motion for the prolongation of Thiers' powers. M. Grévy, President of the National Assembly, was then offered the office of President, but he declined it.

The party of the right has been successful in the election of Thiers, but he has been elected for a term of five years.

Midnight Despatches.

GREAT BRITAIN.

LONDON, Sept. 4.—A mass meeting was held at Newmarket-Town on the 3rd last, attended by 5,000 persons, to insist upon the Government to take steps to prevent the export of arms to the South African Republic.

The speaker, Mr. J. H. Williams, said that the Government had failed to do their duty, and that the people of Great Britain were entitled to demand that the Government should take steps to prevent the export of arms to the South African Republic.

A general strike of the coal miners of Northumberland is imminent.

UNITED STATES.

NEW YORK, Sept. 4.—The Secretary of War has refused to allow the Board of Health to New York, to interfere with the military police at the harbor.

A riotous mob in the village of Maple, N. Y., destroyed by fire, on the 2nd last, a school house, and a house belonging to a colored man.

A meeting was held in Congress on the 4th, to consider the alleged case of fraud in the purchase of arms for the Philippines.

The city and country have been increased by two and a half years, \$20,000,000.

There were 4 deaths by yellow fever at Charleston, on the 4th Sept.

Afternoon Despatches.

The Very Latest.

DESPATCHES TO 4 P. M.

LONDON, Sept. 5.—The annual meeting of the military under the orders of the War Office, was held at the War Office, on the 4th last, and lasted for several days.

A force of 10,000 men marched from the camp at Aldershot to Sandhurst, where they spent the week, and then returned to Aldershot, and then returned to Aldershot.

The troops returned to Aldershot, and then returned to Aldershot.

The troops returned to Aldershot, and then returned to Aldershot.

Lord Ribblesdale at a meeting of military officers at Aldershot, on the 4th last, 10,000 men were present.

A despatch from Dublin says the prisoners taken by the police during the riots were sent to the police station, and then returned to the police station.

The rioters were again attacking the police, and the police were again attacking the rioters.

LONDON, Sept. 5.—Arrived out, steamers "Preston," "City of Brooklyn," from New York, "Hibernia," from Boston, and "New Scotia," from Quebec.

I have used Felt's Compound Syrup of Hypophosphites freely in my practice, both in the treatment of the chest, and in the treatment of the chest, and in the treatment of the chest.

The city and country have been increased by two and a half years, \$20,000,000.

WHEELER'S PHOSPHORUS.

Mr. J. C. Wheeler has just received a supply of Dr. Wheeler's Compound Syrup of Hypophosphites, and is now selling it at a discount of 25 per cent.

The city and country have been increased by two and a half years, \$20,000,000.

The city and country have been increased by two and a half years, \$20,000,000.

A DOWNSIDE MERCHANT.

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and feeling that the child was in danger, I have decided to try Dr. Wheeler's Compound Syrup of Hypophosphites.

The city and country have been increased by two and a half years, \$20,000,000.

The city and country have been increased by two and a half years, \$20,000,000.

SALE OF LANDS
IN ARREARS
FOR TAXES.

County of Hastings.

BY VIRTUE OF A WARRANT ISSUED
under the land of the Wardens of the
County of Hastings, and the seal of the said
County bearing date the 15th day of May
A. D. 1871, and to me directed and delivered
for the collection of the said taxes, I have
in the County of Hastings, and over the lands
hereinafter mentioned and described, as follows:

These are therefore to give notice that
unless the arrears and costs are sooner paid,
I shall on

Wednesday, the Twenty-fifth
day of October next,

at the hour of
TEN o'clock in the Forenoon,
at the

COURT HOUSE,
in the
Town of Belleville,
PUBLIC AUCTION,

sell the said Lands, or as much thereof as may
be sufficient to discharge such arrears of
Taxes and all costs and charges thereon paid.

BUTLER'S
Blackberry Cordial.
THE most reliable preparation for Summer
Complete every bottle brought before the
public. Since its introduction thousands
have experienced the greatest benefit from
its use. The lives of hundreds of children
have been saved by the use of this most
valuable preparation. No family should be
without **Blackberry Cordial**. It is
pleasant to take, perfectly harmless, free from
opium and will certainly cure the worst cases
of Summer Complaints when everything else
fails.

NEW YORK, Sept. 3.—The trial of the woman charged with the murder of her husband, was today continued.

NEW YORK, Sept. 3.—The trial of the woman charged with the murder of her husband, was today continued.

Why a lovely woman like a beautiful woman should be so cruel to the poor is a question that has often been asked.

These burglars, even more infamous than the usual run of thieves, broke into the house of a poor woman, and stole a large sum of money.

The following "test" which was borne out by the "Gentleman's" dinner, Cleveland, Ohio, will be heartily received in the hearts of our hundred million of people.

In old days there were some ideas of ever-green.

That's the best of British hearts. Let us thank her for that, then, With the gallantry of men.

The latest army work has commenced destructive operations in the cotton fields of Northern Alabama, Louisiana and Mississippi to the great alarm of the planters, who anticipate a short crop, as the picking season has not yet commenced.

The living European monarchs now on foot of business are: Prince Gustavus Vasa of Sweden, Count of Chambord of France, Duke Charles of Brunswick, Count de Paris (the grandson of Louis Philippe) Duke Robert of Parma, Grand Duke Ferdinand of Tuscany, Duke Francis of Modena, Francis II of Naples, the Duke of Orleans, Duke Adolphus of Nassau, King George of Hanover, the Elector of Hesse, Prince and Empress Carlota of Mexico, Count Isabella of Spain, and the Emperor Napoleon III.

Midnight Despatches.

Secret Treaties.

General European Complications.

The Russo-Prussian Treaty.

Disarmament Feeling in Germany.

Prussia, Sept. 13.—The following were the principal contents of the treaty made between Russia and Prussia at Versailles early this year:—Should war involve Austria, by intervention or otherwise Russia was to assist Germany, furnish her a specified number of troops and ships. The Powers were to make peace only on the following terms:—Austria was to remain in favor of Germany all Bohemia, Moravia, Silesia and the Duchy of Silesia. Austria was to renounce all claims on the provinces of Galicia and Lemberg. When these changes became accomplished Russia was to cede to Germany five towns and harbours in the Baltic Sea and a part of Constantinople, and Prussia was to renounce the treaty of Paris and to pledge herself to an active participation in the conquest of the East with a force equal to Russia and to a subsequent partition of the conquered territory.

Prussia's Outbreak of the war from the market in which affairs have been managed recently between the Courts of Berlin and Vienna that Russia has been completely misled by the machinations of Germany in relation to this treaty and its conditions, the same as France was when in 1869, under a similar secret treaty with Prussia, Bismarck agreed to give Luxembourg and other territory to Napoleon on the condition that he should be satisfied with Austria on the Schleswig-Holstein question.

Morning Despatches.

China and Japan.

An American Bobolink.

Ho Frightens Two Englishmen.

Revision of Treaties.

American Feeling on the Subject.

San Francisco, Sept. 13.—The latest Chinese Japanese state that the American Minister, Mr. De Long, recently completed the British charge of Japan to apologize for the treatment of the Chinese in the Boxer movement, and in particular, he also repudiated the English agent of the Japanese War to publish an official apology for publishing a sensational statement purporting to have been issued from the American Consulate.

All foreign Ministers except the American have been called home to consult with their Governments concerning the revision of the treaties with China and Japan by European and American powers. There is great anxiety among all classes in China to know what action the United States will take in relation to future dealings with China. There is general feeling among Americans and in the very agent among other Governments under any circumstances.

FRANCE.

Message of Them to the Assembly.

Taxation to be Increased.

Tranquillity Urged.

London, Sept. 13.—A special dispatch to the Times from Versailles, says that Thiers sent a message to the Assembly on Tuesday, which will be read to-day. He urges the adoption of a proposition for the provisional increase of taxes, to carry the weight of the numbers and approach of reaction prevent discussion of new laws with necessary freedom of mind, thinks it best that the Chamber should separate and reassemble at an early day. In conclusion, the President says he relies on the patriotism of the country to preserve perfect tranquillity and order, which France desires to revive and defend.

WALLACHIA.

Attack on the Jews.

Order Restored by the Government.

Bucarest, Sept. 13.—The people of this city were excited by a false report that the Jews had murdered a Christian child, and made an attack upon them in the market place. The Government promptly intervened with a strong force of soldiers, arrested the leaders of the riot, and restored order. No attempt has been made to revive the disturbance.

American Despatches.

Maine Carried by the Republicans.

Augusta, Me., Sept. 13.—Governor Berman's majority will be between 10,000 and 11,000. The Republicans have carried every county but one.

Afternoon Despatches.

The Very Latest.

DESPATCHES TO 4 P. M.

London, Sept. 13.—As before with which, Queen Victoria had been some time ill, which was reported on the 4th inst., and is now being satisfactorily.

The trading ship "Barr," which has been aboard at Rye, Isle of Wight, was hoisted yesterday.

It is announced that thirty-five colliers and iron workers in Monmouthshire, Wales, will strike, unless a rise of ten per cent. in wages is accorded to them.

A cotton abolition is proposed to be held in Manchester in 1879.

Prof. Rott, formerly of Temple Bar, and today.

An election for member of Parliament, proceeding at London and London is that King the Conservative candidate, will beat Jackson, Liberal.

The great Doctor Dr. Leger has come over to-day, there is great excitement over it, and the ball is in motion.

The introduction in London market of Paraguay loan of one million pounds sterling is announced.

London, Sept. 13 (6.30 p. m.)—A despatch from the London market, says that the London market has been somewhat quiet, and that there is no prospect of a rise in the price of gold.

Disasters to the Navy.

Telegraphic System.

Meeting of Gladstone's Supporters.

LONDON, Sept. 15.—Mr. George Porter, secretary in the Times to-day a compromise of the Newcastle difficulty. He recommends that the employers adopt nine hours as the daily term of labor and that the striking workers service half an hour wages a day to cover the reduction of hours. Mr. Porter thinks would come very near satisfying the desires of both parties.

The meeting announced to take place in Trafalgar square, London, for the expression of sympathy of the London workmen for their brethren in Newcastle on Tyne has been postponed because the Newcastle representatives on the committee which called the meeting objected to collecting with political parties.

An immense mill for manufacturing cloth at Rochester, in Kent county, was burned last night, 800 workmen are thrown out of employment.

The English sporting journals denounce the Paris crew of St. John N. B. as cowardly for refusing to accept the English crew at the Halifax regatta. The same journals on the contrary praise highly the American crew who participated in the race at Halifax.

A rich mine of lead has been discovered in the island of Jersey.

A committee of experts has been appointed to investigate the recent mishaps of the navy.

It is announced that the Government of Turkey has decided to participate in the conference to be held at Rome on the 26th instant for the improvement of the telegraphic system and service of Europe. The statement is also made that another conference with a similar object will be held in Rome in December.

LONDON, Sept. 15.—The supporters of Mr. Gladstone held an enthusiastic meeting at Glasgow to-night and adopted a resolution praising him to visit that city.

Steamship Arrivals.

NEW YORK, Sept. 15.—Mr. Gallager, Democratic candidate for Congress, from New Mexico, is probably elected.

New York, Sept. 15.—It seems to be the general opinion that a portion of the public funds will be recovered, and that some of the plan firms will be in better financial condition.

The 'World' says that Judge Connolly's report, released, in compliance with Mayor Hall's request, might have escaped the judicial hand which has been laid on his forehead. The case will, no doubt, be the Mayor's most embarrassing.

In reply to an inquiry as to what would be the effect of his [Connolly's] action, Judge Connolly replied: "I regard the matter as a legal one, and I will maintain my position as long as I am able to do so."

It is reported that Judge Connolly has refused to pay money in any way in the name of or on credit of the city and county, from paying any money, except for legitimate salaries and the running expenses of the city, and from using the city funds for any other purpose than those for which it was donated. Also, it will prevent money from being used for any other purpose, save for the relief of the poor, and the Mayor's request for the release of the public funds will be refused, and that some of the plan firms will be in better financial condition.

The Mayor's request for the release of the public funds will be refused, and that some of the plan firms will be in better financial condition.

Insolvent Act of 1869.
In the matter of
WILLIAM WRIGHT, of Texas,
debtor.

NOTICE is hereby given that pursuant to
the provisions of an act of Congress of the
United States, passed on the 19th day of
February, 1869, in relation to the insolvent
debts of citizens of the United States, the
undersigned, as assignee of the estate of
WILLIAM WRIGHT, of Texas, do hereby
advise that the same is now open for
business, and that all persons having claims
against the said estate, or who are indebted
to the same, are required to present the same
to the undersigned, at his office, in the City
of New York, at or before the 15th day of
November, 1891, at which time the same
will be examined and allowed or disallowed,
as the case may be. And that after the
15th day of November, 1891, no claims
shall be received, and no debts shall be
paid, except as may be ordered by the
court. In witness whereof, the undersigned
has hereunto set his hand and seal, at
New York, this 10th day of October, 1891.

Note Headings.

Business Cards.

Bank

A detailed illustration of a woman in a Victorian-style dress operating a treadle sewing machine. The woman has dark hair styled in an updo and is wearing a long, dark dress with a high collar and long sleeves. She is seated and looking towards the right. The sewing machine is a treadle model with a large hand-crank wheel on the right side. The machine is mounted on a wooden table with ornate legs. The background is simple, with a hint of a wall and a small object on a shelf.

THE
Wheeler & Wilson
 IS THE

SEWING MACHINE TO BUY.

The following are a few of the Testimonials received by the Wheeler & Wilson Co., in answer to an Advertisement for the best earnings in a given time.

Some hundred and more references can be made to persons in this vicinity using this Machine at

W. H. VAN TASSEL'S,
Post Office Block,
Belleville.

Mr. Wm. — has had a Wheeler & Wilson Machine since June, 1867, to January 1st, 1871, she has made 24,476 vests (in 1870, 2,325 vests), 17 coats and 50 pairs of pants (soot), besides doing the family sewing for six persons; all the work ranging from the finest muslin to the heaviest beaver cloth.

Mrs. J. R. Bingle, ofoughkeeps, N. Y., has used her Wheeler & Wilson Machine for 14 years. She has made 100,000 yards of muslin, 100,000 yards of bindings on to leather cap fronts, and making coats, vests, pantaloons, and doing all kinds of family sewing; averaging sometimes \$5 and \$6 a day.

W. Kelly, of Amsterdam, N. Y., earned with a Wheeler & Wilson Machine in fourteen years \$14,000, making coats; an average of more than \$30 a week, but a few cents for triding repairs.

Mrs. J. Van Bergen, of Rochester, N. Y., purchased a Wheeler & Wilson Machine in 1859. In the first 14 months she had made 1,500 vests and pairs of pantaloons, from the time she first began to use the machine until she had made 100,000 yards of muslin for her family, besides doing her family sewing. She had not broken a needle for the last seven years.

Mrs. Gilbert Brown, of Williamsburgh, N. Y., bought a \$55 Wheeler & Wilson Machine for her family, in 1856. She has made 100,000 yards of muslin, and has supported her family (with \$100 a week) paid for her clothing, and lot, paid for her children's clothing, and for her family, besides doing her family sewing.

etc. besides doing his family sewing. During the war he averaged daily 8 infantry truck loads or 4 cavalry loadings or 8 military overcoats. Since then he has earned at least \$100.00 per day of 8 hours, and would not now sell his machine for the price he paid for it.

Mrs. A. F. Hall, of Wellsville, N. Y., received ten years ago a Wheeler & Wilson Machine, as a bridal present, the most valuable of her gifts, not excepting a check of \$500; it has done all the sewing for her own, her father's, her sister's families, without a cent for repairs, and but two needles broken.

Miss Marie E. Stacy, of Hamilton, Ont., has used her Wheeler & Wilson Machine fourteen years, since she was eight years of age, principally in mattresses and upholstery. It has been a great help to her, and she has been able to make a living out of leisure; she has earned at least \$10,000 with it. The family sewing is pleasant amusements.

Mattie E. Duncan, Shelbyville, Mo., has in eleven years made with her Wheeler & Wilson Machine about 2,500 heavy dresses, coats, overcoats, skirts and pantalones, and paid nothing for repairs. The Machine is still in perfect order, and she has half of the original dozen of needles.

Anna G. P. Inskip, of Urbana, Ohio, says she and her two sisters have earned their college fund for seven years with a Wheeler & Wilson Machine without any trouble, although they have often learned to friends and played with or many children.

Mrs. D. G. Fagerlin, Madison, Ohio, has used her Wheeler & Wilson Machine five years; sometimes in competition with all kinds of *woman killing machines*; would not look at \$5,000 for it if she could not get another like it.

Mrs. Sarah Jane Fredericks, Toledo, Ohio, has Sewing Machines for 17 years, the last 10 years Wheeler & Wilson's, and finds it far better than the other kinds, it runs lighter with less fatigue, and holds a truer tension. She has used it for all kinds of work.

Mrs. Mary R. Hubbard, Troy, N. Y., entered in 1868 \$781.47, stitching 31,093 shod fronts; equal to 689,123 feet of seam. At 30 inches to the stitch this work gave 913, 699,240 stitches; an average of 708.91 per day, 89.413 per hour, and 1,477 per minute, or 50 times as fast hand-sewing—sixty years' work in one. Her machine has run 9 years on steam and 3 years by foot-power, without repairs, and is as good as when bought.

Mrs. E. A. MacLure, Troy Heel, N. C., has used her Wheeler & Wilson Machine since 1857 with perfect success in every respect, stitching the clothing for 30 colored servants and a large family of whites, and army clothing and hospital bedding during the war.

Mrs. H. A. Davis, Berlin, N. Y., has used Wheeler & Wilson's Machine 17 years in collar making, says it is perfect, and that she has also mended, and has saved over \$2,000; it has been a constant worker by foot power and not sick a day.

Mrs. Paschal, New Middleton, Tenn., has a Wheeler & Wilson Machine in use since 1858; it has run constantly without repairs; has 10 of the original 15 needles. Other kinds of machines wear out in a few years, she has never seen a Wheeler & Wilson machine that has not been used in the home sewing for her family and six negro workmen and considerable for her neighbors.

Mrs. H. F. Taylor, Hatcher Falls, N. Y., has used a Wheeler & Wilson Machine since

Mrs. J. Brewer, Stamford, Conn., bought her Wheeler & Wilson Machine in 1870, earning the first two years her real and household expenses for self and child, and \$810 in the third year. She has since sold it for \$100, and bought another.

EF. Mar Carman, Farmer Village, N. Y., has used fifteen different patent sewing machines in family sewing: none does so beautiful work, fine or coarse, as the Wheeler & Wilson, or is so readily changed from one kind to another; has sewed with one that has been 18 years in the family, and it still reports the same results; but she has with the machine, with two others in use 10 years, each without repairs. She has supported a family of three, sometimes earning \$4.00 per day or \$1 in an evening.

J. A. H. Abel, Warsaw, N. Y., bought a Wheeler & Wilson Machine in 1857; used it 9 years, and then sold it for \$100. It has since been used in family sewing with not a cent for repairs; it runs now like magic with no signs of wear.

Mrs. J. Clock, New York, has used her Wheeler & Wilson Machine fifteen years, averaging for the last five years more than \$500, making boys' suits and general sewing.

Mrs. W. Weber, New York, has operated on a Wheeler & Wilson Machine 19 years, earning from \$5.50 to \$8.00 a day, in private families; can stitch a dozen linen shirt

John Schless, dentist, I must dash, am on my way.

ALBION HOTEL,

MONTREAL, CANADA.

HAS FOR TWENTY YEARS BEEN THE FAVORITE RESORT

of the general travelling public in the United States,

as well as of Canada, when visiting

Montreal on business or pleasure. It is centrally located on

the River St. Lawrence, the Victoria Bridge on the left,

and the old town of Montreal on the right. The hotel is

situated on the right bank of the River St. Lawrence, and

enjoys a magnificent view of the city and harbor.

The Provincial Exhibition.

The list of entries for the Provincial
Exhibition at Kingston, Ontario, being
more than the exhibition in Toronto last
year. As an evidence of the abundance
of what, being, out of this, year
compared with last, it is worthy of a
mention that the entries in these articles
for the approaching show are more than
double what they were for last fall.

Work on the St. Andrew's church is now
progressing satisfactorily, so are the repairs
to the John Street Church.

On the 20th inst. four horses to Kingston
during the week. All will compete in the
races during the fair time.

Cumbers, melons, tomatoes and flowers
offered freely from Tuesday and
Thursday nights.

There was a large crowd in town today.
The farmers, their wives and families, are
doing their "fall trading."

That of which on George Street speaks of
as half finished has been completed, thanks
to the prompt action of the Street Surveyor.

Amuse open on Monday at noon. How
the coal dealers are enjoying a large
amount of business will be presented for trial.

Sportmen who want out duck-shooting
found that many of the birds had been
slaughtered a month previous to the legal
season.

No. 3 Fire Company had their engine out
for practice last night. A pair of handsome
out glass lamps have been placed on the
engine.

The dust to-day on Front Street was a
terrible nuisance. The watering cart was
not on hand, and inefficient as it is—was
too late.

A little laborer would repair Church Street,
south of Bridge Street, pleasant place.
The drains are choked with sand, and weeds
luxuriate on the roadside.

The repairs to the Lower Bridge are now
being made. The structure presents some
thing but a safe appearance, the roadway
falling into hollows between the arches.

The coal stores are commencing to emerge
from their state of summer torpor, and the
coal dealers are jubilant at the early arrival
of cold weather.

The circulation of the DAILY and WEEKLY
INTELLIGENCER is steadily increasing, and
there is no better medium for advertising in
Central Ontario than these papers.

The Town Council meets on Monday night,
when the vested question of finance is
expected to be settled. The Collector is
diligent in his efforts to see that the
amount due is paid.

Our manufacturers will be well represented
at the Provincial Fair. Large quantities of
manufactured goods and stock were shipped
for Kingston to-day, which more will be
heard when the price list is published.

The position of the sun to-day is directly
over the equator, consequently the length of
the day is equal to that of the night.
Days are now 12 hours long—that is the sun
time at 6 a.m. and sets at 6 p.m.

Boys are engaged in gathering history
notes at present. The crop is good and the
weather is favorable. The weather is
favorable. The weather is favorable.

Sowing machine agents and manufacturers
are publishing books. See our advertising
column. The sowing machine is a valuable
aid to the farmer. The sowing machine is a
valuable aid to the farmer.

Can't a match at once be arranged
between the married and single members of
the Belleville Club? There is a
material on both sides, and an exciting
contest would no doubt result if such a game
were gotten up.

The market to-day was the largest of the
season. Provisions, furs, vegetables, &c.,
were exhibited in profusion. The advantage
of Belleville as a market town are largely
made use of, and the accommodation
arranged for the fair is of the best.

The new market facilities will tend to
increase our growing trade.

The season for procuring beautiful specimens
of the Provincial Fair is now open. The
arrangement is to have a large display of
the Provincial Fair. The arrangement is to
have a large display of the Provincial Fair.

Now is the time for merchants to adver-
tise. Farmers have pretty much got through
with their fall work, and are prepared to
devote a little time with their wives and
children to "shopping."

The majority of them read the INTELLIGENCER,
and there is no part of the paper more care-
fully read than the advertising department.

Convenient facilities are afforded by the
Grand Trunk Railway Company to persons
wishing to visit the Provincial Fair at King-
ston. Four trains will run each way, for
particulars see advertisement. Tickets—
to that date the lowest can be procured from
Mr. J. W. Thompson, Iowa ticket agent, at
the express office.

No. 1 Fire Company returned at noon to-
day from their trip to Rochester, N.Y.,
where they were met at the station by the
Ladder Company, who escorted them down
street; the procession, headed by the band,
presenting a fine appearance. The route was
down Front Street to the market, across the
square to Pinnacle Street, Pinnacle to Bridge
Street, thence to Front Street, up which they
were to the fair, where they were met by
the fair committee.

A meeting of the Provincial Directors of
the Grand Junction Railway Company is
called for Thursday next, the 30th inst.
Subscriptions for stock are invited previous
to that date. The list of the names of the
subscribers to the bonds, for the loan of
the road, is published.

The public school examinations will be
held as follows: No. 1 on Monday at 10
o'clock, No. 2 on Tuesday at 10 o'clock, No. 3
on Wednesday at 10 o'clock, No. 4 on Thursday
at 10 o'clock, No. 5 on Friday at 10 o'clock.
The Superintendent (Rev. J. C. Smith).
A. asks the attendance of all interested.

REMARKS.—The very agreeable character of
the Provincial Fair is well known to all.

to that date the lowest can be procured from
Mr. J. W. Thompson, Iowa ticket agent, at
the express office.

No. 1 Fire Company returned at noon to-
day from their trip to Rochester, N.Y.,
where they were met at the station by the
Ladder Company, who escorted them down
street; the procession, headed by the band,
presenting a fine appearance. The route was
down Front Street to the market, across the
square to Pinnacle Street, Pinnacle to Bridge
Street, thence to Front Street, up which they
were to the fair, where they were met by
the fair committee.

A meeting of the Provincial Directors of
the Grand Junction Railway Company is
called for Thursday next, the 30th inst.
Subscriptions for stock are invited previous
to that date. The list of the names of the
subscribers to the bonds, for the loan of
the road, is published.

The public school examinations will be
held as follows: No. 1 on Monday at 10
o'clock, No. 2 on Tuesday at 10 o'clock, No. 3
on Wednesday at 10 o'clock, No. 4 on Thursday
at 10 o'clock, No. 5 on Friday at 10 o'clock.
The Superintendent (Rev. J. C. Smith).
A. asks the attendance of all interested.

REMARKS.—The very agreeable character of
the Provincial Fair is well known to all.
The fair is a success. The fair is a success.

The fair is a success. The fair is a success.
The fair is a success. The fair is a success.

The fair is a success. The fair is a success.
The fair is a success. The fair is a success.

The Provincial Exhibition.

The list of entries for the Provincial
Exhibition at Kingston, Ontario, being
more than the exhibition in Toronto last
year. As an evidence of the abundance
of what, being, out of this, year
compared with last, it is worthy of a
mention that the entries in these articles
for the approaching show are more than
double what they were for last fall.

Work on the St. Andrew's church is now
progressing satisfactorily, so are the repairs
to the John Street Church.

On the 20th inst. four horses to Kingston
during the week. All will compete in the
races during the fair time.

Cumbers, melons, tomatoes and flowers
offered freely from Tuesday and
Thursday nights.

There was a large crowd in town today.
The farmers, their wives and families, are
doing their "fall trading."

That of which on George Street speaks of
as half finished has been completed, thanks
to the prompt action of the Street Surveyor.

Amuse open on Monday at noon. How
the coal dealers are enjoying a large
amount of business will be presented for trial.

Sportmen who want out duck-shooting
found that many of the birds had been
slaughtered a month previous to the legal
season.

No. 3 Fire Company had their engine out
for practice last night. A pair of handsome
out glass lamps have been placed on the
engine.

The dust to-day on Front Street was a
terrible nuisance. The watering cart was
not on hand, and inefficient as it is—was
too late.

A little laborer would repair Church Street,
south of Bridge Street, pleasant place.
The drains are choked with sand, and weeds
luxuriate on the roadside.

The repairs to the Lower Bridge are now
being made. The structure presents some
thing but a safe appearance, the roadway
falling into hollows between the arches.

The coal stores are commencing to emerge
from their state of summer torpor, and the
coal dealers are jubilant at the early arrival
of cold weather.

The circulation of the DAILY and WEEKLY
INTELLIGENCER is steadily increasing, and
there is no better medium for advertising in
Central Ontario than these papers.

The Town Council meets on Monday night,
when the vested question of finance is
expected to be settled. The Collector is
diligent in his efforts to see that the
amount due is paid.

Our manufacturers will be well represented
at the Provincial Fair. Large quantities of
manufactured goods and stock were shipped
for Kingston to-day, which more will be
heard when the price list is published.

The position of the sun to-day is directly
over the equator, consequently the length of
the day is equal to that of the night.
Days are now 12 hours long—that is the sun
time at 6 a.m. and sets at 6 p.m.

Boys are engaged in gathering history
notes at present. The crop is good and the
weather is favorable. The weather is
favorable. The weather is favorable.

Sowing machine agents and manufacturers
are publishing books. See our advertising
column. The sowing machine is a valuable
aid to the farmer. The sowing machine is a
valuable aid to the farmer.

Can't a match at once be arranged
between the married and single members of
the Belleville Club? There is a
material on both sides, and an exciting
contest would no doubt result if such a game
were gotten up.

The market to-day was the largest of the
season. Provisions, furs, vegetables, &c.,
were exhibited in profusion. The advantage
of Belleville as a market town are largely
made use of, and the accommodation
arranged for the fair is of the best.

The new market facilities will tend to
increase our growing trade.

The season for procuring beautiful specimens
of the Provincial Fair is now open. The
arrangement is to have a large display of
the Provincial Fair. The arrangement is to
have a large display of the Provincial Fair.

Now is the time for merchants to adver-
tise. Farmers have pretty much got through
with their fall work, and are prepared to
devote a little time with their wives and
children to "shopping."

The majority of them read the INTELLIGENCER,
and there is no part of the paper more care-
fully read than the advertising department.

Convenient facilities are afforded by the
Grand Trunk Railway Company to persons
wishing to visit the Provincial Fair at King-
ston. Four trains will run each way, for
particulars see advertisement. Tickets—
to that date the lowest can be procured from
Mr. J. W. Thompson, Iowa ticket agent, at
the express office.

WHEELER & WILSON

THE FOLLOWING ARE A FEW OF THE TESTIMONIALS RECEIVED BY THE WHEELER & WILSON MACHINE IN ANSWER TO AN ADVERTISEMENT FOR THE BEST SEWING MACHINE IN A GIVEN TIME.

Some hundred or more references can be made to persons in this vicinity who use this Machine.

W. H. VAN TASSELS,
 Port Office Block,
 Belleville.

Mr. W. — has had a Wheeler & Wilson Machine since June, 1857, to January 1st, 1871, she has made 24,476 vests (in 1870, 2325 vests), 17 coats and 30 pairs of pants, besides doing the family sewing for six persons; all the work ranging from the finest muslin to the heaviest broad cloth.

Mr. J. B. Bingley, Poughkeepsie, N. Y., has used her Wheeler & Wilson Machine over fifteen years; brought up and sewed her family by stitching shirt bosoms, the bindings on her leather cap fronts, and making coats, vests, pantalons, and doing all kinds of family sewing; averaging, sometimes \$5 and \$6 per day.

W. Kelly, of Amsterdam, N. Y., earned with a Wheeler & Wilson Machine in fourteen years \$14,364, in making coats; an average of more than \$30 a week, but a few cents for trifling repairs.

Mr. J. Van Bergen, of Rochester, N. Y., purchased a Wheeler & Wilson Machine in 1853. In the first 14 months she has made 1,305 vests and pairs of pantalons, from the coarsest to the finest material, besides doing her family sewing. She has not broken a needle for the last seven years.

Mr. Gilbert Brown, of Williamsburgh, N. Y., bought a \$35 Wheeler & Wilson Machine in 1850 (prior to 1850); borrowed most of the money to pay for it; has supported his family with it, and has made 1,305 vests and pairs of pantalons, besides doing the family sewing. During the war he averaged daily 8 cents for coats or 10 cents for vests or 12 cents for pants, and has earned at least \$1,000 in the last 14 months, and would not now sell his machine for the price he paid for it.

Mr. A. F. Hall, of Belleville, N. Y., received ten years ago a Wheeler & Wilson Machine, as a bridal present, the most valuable of her gifts, not excepting a check of \$300; it has done all the sewing for her own, her father's, her sister's families, without a cent for repairs, and has two needles broken.

Miss Maria E. Stacy, of Hamilton, Ont., has used her Wheeler & Wilson Machine fifteen years, since she was eight years of age, principally in mattresses and upholstery work; has made twenty large size mattress ticks in a day, with plenty of leisure; has earned at least \$1,000 with it. The family sewing is pleasant amusement.

Matthew E. Duncan, Belleville, Mo., has in eleven years made with her Wheeler & Wilson Machine about 3,000 coats, overcoats, shirts and pantalons, and has paid nothing for repairs. The Machine is still in perfect order, and she has half of the original dose of needles.

Anna G. P. Jinkins, of Urbana, Ohio, says she and her two sisters have earned their entire livelihood for seven years with a Wheeler & Wilson Machine without any repairs, although it has been often injured in frost and played with by many children.

Mr. D. F. Pagano, Madison, Ohio, has used her Wheeler & Wilson Machine five years; sometimes in competition with all kinds of woman killing machines; would not look at \$5,000 for it if she could not get another like it.

Mr. Sarah Jane Fredericks, Toledo, Ohio, has used Sewing Machines for 17 years, the last two years a Wheeler & Wilson, and does it far better than the other kinds, it runs easier, makes better work, and holds a larger class of work than any other kind of dressing and fancy work.

Mr. Mary R. Hubbard, Troy, N. Y., earned in 1853 \$731.47, stitching 31,092 shirt fronts; equal to 866,193 feet of cloth. At 30 inches to the stitch this would give \$13.69, or 866,193 cents, an average of 708.89 cents per day, and 1,477 minutes per day, or 60 times as fast as hand sewing—sixty years' work in one. Her machine has run 10 years by steam and 3 years by foot power, without repairs, and is as good as when she first used it. It is now as good as when bought.

Miss A. B. Davis, Berlin, N. Y., has used Wheeler & Wilson's Machine 17 years in cloth making, supported herself and an invalid mother, whom she also tended, and has saved over \$2,000; she has been a constant worker by foot power and has not a day's rest in 17 years; she has made 1,000 shirts, 1,000 pairs of pants, 1,000 pairs of vests, and 1,000 pairs of coats, and has never had a needle broken.

Mr. P. Taylor, Brasher Falls, N. Y., has used a Wheeler & Wilson Machine since 1858 in dress-making and family sewing without any repairs and has broken but 3 needles in 18 years.

Mr. J. Brewer, Stamford, Conn., bought her Wheeler & Wilson Machine in 1869; earning the first two years her rent and household expenses for self and child and \$710 in the savings bank; she has six of the original dose needles.

Mr. Mary Carter, Farmer Village, N. Y., has used fifteen different patent sewing machines in family sewing; none does so beautiful work, fine or coarse, as the Wheeler & Wilson; or so readily changed from one kind to another; her sewing with one that has been in use 10 years without a cent for repairs and foot power and has not a day's rest with the machine, with two others in use 10 years, each without repairs. She has supported a family of three, sometimes earning \$4.00 per day or \$1 in an evening.

J. A. Abell, Warren, N. Y., bought a Wheeler & Wilson Machine in 1857; used it 19 years in stitching clothing that 6 cents prepaid, and since in family sewing without a cent for repairs; it runs now like magic with no signs of wear.

J. C. O'Leary, New York, has used her Wheeler & Wilson Machine fifteen years, averaging for the last five years more than \$500, making boys' suits and general sewing.

Mr. W. Weber, New York, has operated on a Wheeler & Wilson Machine 19 years, earning from \$2.50 to \$5.00 per day, in private family; can stitch a dozen linen shirt bosoms and five dozen pairs of cuffs in an hour.

John Shibley, Detroit, I must declare the Wheeler & Wilson to be the most wonderful, simplest as well as the most cunning in principle. There is genius as well as high mechanical ability in its arrangement, and therefore it is most reliable and easy to use in order. There is a directness of connection between the power and the result, never in order. There is no device of any other inventor, and the mechanical result is the highest possible speed, quiet and easy movement, which makes it a delight to mechanics. I think it difficult to find one of the marvels of the age.

Five hundred and fifty thousand witnesses might be cited (the number of machines) to attest the truth of the above statements, but the foregoing testimonials are sufficient to attract attention to very important particulars. Simplicity in the construction of a machine is of prime importance as regards its completeness, facility of working and machine. A sewing machine composed of parts and movements is easy to work. A sewing machine should be able to make 1,000 stitches in a minute, and the bearing and moving parts and surfaces should be carefully observed. Are there many points to it or much oil required? If so, the machine will soon wear repairs.

The past twenty years have seen numerous machines, with high-sounding pretensions, and with a flourish, confined the simple, and useful. So will it be while credulity exists.

WHEELER & WILSON.

THE FOLLOWING ARE A FEW OF THE TESTIMONIALS RECEIVED BY THE WHEELER & WILSON MACHINE IN ANSWER TO AN ADVERTISEMENT FOR THE BEST SEWING MACHINE IN A GIVEN TIME.

Some hundred or more references can be made to persons in this vicinity who use this Machine.

W. H. VAN TASSELS,
 Port Office Block,
 Belleville.

Mr. W. — has had a Wheeler & Wilson Machine since June, 1857, to January 1st, 1871, she has made 24,476 vests (in 1870, 2325 vests), 17 coats and 30 pairs of pants, besides doing the family sewing for six persons; all the work ranging from the finest muslin to the heaviest broad cloth.

Mr. J. B. Bingley, Poughkeepsie, N. Y., has used her Wheeler & Wilson Machine over fifteen years; brought up and sewed her family by stitching shirt bosoms, the bindings on her leather cap fronts, and making coats, vests, pantalons, and doing all kinds of family sewing; averaging, sometimes \$5 and \$6 per day.

W. Kelly, of Amsterdam, N. Y., earned with a Wheeler & Wilson Machine in fourteen years \$14,364, in making coats; an average of more than \$30 a week, but a few cents for trifling repairs.

Mr. J. Van Bergen, of Rochester, N. Y., purchased a Wheeler & Wilson Machine in 1853. In the first 14 months she has made 1,305 vests and pairs of pantalons, from the coarsest to the finest material, besides doing her family sewing. She has not broken a needle for the last seven years.

Mr. Gilbert Brown, of Williamsburgh, N. Y., bought a \$35 Wheeler & Wilson Machine in 1850 (prior to 1850); borrowed most of the money to pay for it; has supported his family with it, and has made 1,305 vests and pairs of pantalons, besides doing the family sewing. During the war he averaged daily 8 cents for coats or 10 cents for vests or 12 cents for pants, and has earned at least \$1,000 in the last 14 months, and would not now sell his machine for the price he paid for it.

Mr. A. F. Hall, of Belleville, N. Y., received ten years ago a Wheeler & Wilson Machine, as a bridal present, the most valuable of her gifts, not excepting a check of \$300; it has done all the sewing for her own, her father's, her sister's families, without a cent for repairs, and has two needles broken.

Miss Maria E. Stacy, of Hamilton, Ont., has used her Wheeler & Wilson Machine fifteen years, since she was eight years of age, principally in mattresses and upholstery work; has made twenty large size mattress ticks in a day, with plenty of leisure; has earned at least \$1,000 with it. The family sewing is pleasant amusement.

Matthew E. Duncan, Belleville, Mo., has in eleven years made with her Wheeler & Wilson Machine about 3,000 coats, overcoats, shirts and pantalons, and has paid nothing for repairs. The Machine is still in perfect order, and she has half of the original dose of needles.

Anna G. P. Jinkins, of Urbana, Ohio, says she and her two sisters have earned their entire livelihood for seven years with a Wheeler & Wilson Machine without any repairs, although it has been often injured in frost and played with by many children.

Mr. D. F. Pagano, Madison, Ohio, has used her Wheeler & Wilson Machine five years; sometimes in competition with all kinds of woman killing machines; would not look at \$5,000 for it if she could not get another like it.

Mr. Sarah Jane Fredericks, Toledo, Ohio, has used Sewing Machines for 17 years, the last two years a Wheeler & Wilson, and does it far better than the other kinds, it runs easier, makes better work, and holds a larger class of work than any other kind of dressing and fancy work.

Mr. Mary R. Hubbard, Troy, N. Y., earned in 1853 \$731.47, stitching 31,092 shirt fronts; equal to 866,193 feet of cloth. At 30 inches to the stitch this would give \$13.69, or 866,193 cents, an average of 708.89 cents per day, and 1,477 minutes per day, or 60 times as fast as hand sewing—sixty years' work in one. Her machine has run 10 years by steam and 3 years by foot power, without repairs, and is as good as when she first used it. It is now as good as when bought.

Miss A. B. Davis, Berlin, N. Y., has used Wheeler & Wilson's Machine 17 years in cloth making, supported herself and an invalid mother, whom she also tended, and has saved over \$2,000; she has been a constant worker by foot power and has not a day's rest in 17 years; she has made 1,000 shirts, 1,000 pairs of pants, 1,000 pairs of vests, and 1,000 pairs of coats, and has never had a needle broken.

Mr. P. Taylor, Brasher Falls, N. Y., has used a Wheeler & Wilson Machine since 1858 in dress-making and family sewing without any repairs and has broken but 3 needles in 18 years.

Mr. J. Brewer, Stamford, Conn., bought her Wheeler & Wilson Machine in 1869; earning the first two years her rent and household expenses for self and child and \$710 in the savings bank; she has six of the original dose needles.

Mr. Mary Carter, Farmer Village, N. Y., has used fifteen different patent sewing machines in family sewing; none does so beautiful work, fine or coarse, as the Wheeler & Wilson; or so readily changed from one kind to another; her sewing with one that has been in use 10 years without a cent for repairs and foot power and has not a day's rest with the machine, with two others in use 10 years, each without repairs. She has supported a family of three, sometimes earning \$4.00 per day or \$1 in an evening.

J. A. Abell, Warren, N. Y., bought a Wheeler & Wilson Machine in 1857; used it 19 years in stitching clothing that 6 cents prepaid, and since in family sewing without a cent for repairs; it runs now like magic with no signs of wear.

J. C. O'Leary, New York, has used her Wheeler & Wilson Machine fifteen years, averaging for the last five years more than \$500, making boys' suits and general sewing.

Mr. W. Weber, New York, has operated on a Wheeler & Wilson Machine 19 years, earning from \$2.50 to \$5.00 per day, in private family; can stitch a dozen linen shirt bosoms and five dozen pairs of cuffs in an hour.

John Shibley, Detroit, I must declare the Wheeler & Wilson to be the most wonderful, simplest as well as the most cunning in principle. There is genius as well as high mechanical ability in its arrangement, and therefore it is most reliable and easy to use in order. There is a

BY ATLANTIC CABLE.

GREAT BRITAIN.

Mr. Diarral at Henghdon.

London, Sept. 27.—Mr. Diarral, at a banquet at Henghdon, proposed a toast to the Queen. It was responded to with a great display of enthusiasm. The toast was received with a great display of enthusiasm. The toast was received with a great display of enthusiasm.

WEST INDIES.

Fire at Kingston, Jamaica.

Lost Telegraph Cable.

Storm in Antigua.

Wreck of a Coolie Vessel.

Two Hundred Bodies Washed Ashore.

Cattle Disease.

Death of an Eminent Physician.

Kingston, Jamaica, Sept. 26.—A serious fire broke out in this city to-day. Fire hoses were turned to the ground.

The cable station International is expected to receive news from London to grapple the lost cables.

On the island of Antigua every estate was ravaged by the recent storm.

A Coolie vessel from India for Martinique has been lost on the coast of that island, with all hands on board. Two hundred bodies have been washed ashore.

The cattle disease is still raging in Barbados. In Guernsey Dr. Paupert, the discoverer of the celebrated cure for this disease, is dead. He died suddenly while instructing the English medical commission on the mode of the treatment of the disease.

The work of laying the cable from Trinidad to Grenada is proceeding satisfactorily, and 30 miles of cable have also been laid to Port-au-Prince.

American Despatches.

President Grant at a Railroad Opening.

Storm in North Carolina.

Lawrenceville, Kansas, Sept. 26.—President Grant and family, together with a number of Senators and Representatives, and a number of distinguished men from Illinois and Missouri, arrived here this evening. The excursion party arrived about two hundred, and is given in honor of the formal opening of the Chicago and Northwestern Railroad, from Chicago to Lawrenceville. The excitement of the people at the appearance of the President was unbounded.

Lawrenceville, N. Y., Sept. 26.—One of the severest wind and rainstorms which has visited this section in a number of years, has prevailed here 4.30 p.m. It is now dying away. Large trees were blown down in the streets.

Afternoon Despatches.

The Very Latest.

DESPATCHES TO 41 P. M.

London, Sept. 27.—The "Daily News" expresses the hope that Anthony's reply to "Lives" will meet with fair play in American waters, and not be jockeyed out of any principle which is right before her.

The relative of the Fenian Ireland, Talbot, who was shot and killed several months ago, was shot and killed several months ago.

A man named Kelly, has presented a claim for \$3,000 against the city of Dublin as a compensation for his death at the hands of the assassins.

The health of Queen Victoria has not improved. Gladstone is paying her a visit at Balmoral.

The Princess of Wales returned to England from the continent.

Shipments of specie upon enormous scale continue to be made by nearly every steamer leaving England ports for the United States.

A BARTON TRUTH! Thousands die annually of neglected coughs and colds, which soon ripen into consumption or other equally fatal diseases of the lungs; when the patient is at a stage of the disease, Dr. Williams' Pink Pills for Pale People have been proved to be a great old.

Prince Edward Election.

THE REPORT OF THE PROCEEDINGS.

By the Hon. J. H. CAMERON, Q. C.

THE COURT opened today, Chief Justice

Richardson presiding.

The Hon. J. H. CAMERON, Q. C., appeared on behalf of the petitioner, W. A. Cameron, and Messrs. Boush and Kerr for the

defendant, G. Striker.

After the opening of the Court, and the

reading of the writ, the Hon. J. H. Cameron, Q. C.,

as Registrar, Mr. Boush informed the

Court that notice had been served upon

the petitioner that he should not obey

him with bribery and corruption, before

the election, and that therefore he was

not legally qualified to be a candidate, and

being thus disqualified he could not be the

petitioner.

Mr. CAMERON asked if it was denied

that Mr. Cameron was a candidate.

Mr. Boush replied yes, and that it

would be for him to show that he was. He

then proceeded to argue that Mr. Cameron

laying being guilty of bribery himself be

fore the election, was disqualified from

being a candidate, as he would be under

the law. He then stated that Mr. Cameron

had been elected. He had cited a case

which had been brought before Justice

O'Brien, in which he had received evidence

to that effect which he proposed to give.

Mr. Striker, on the other hand, called in

appeal, but the case having been decided

upon the merits, there was no decision, and

as this was a similar case, the same course

should be followed. He then stated that

the case of the Municipal election, where

the relator must come into Court with

"clean hands," and that if he did not

be so he must be ruled out.

Mr. CAMERON replied that he argued

that there was no valid objection, that it

must be necessary to first convict Anderson

of bribery before he could be disqualified,

and that such having been done, he

was, as a matter of fact, disqualified even if

he had been guilty of such corrupt practices.

He then stated that he did not believe that

he would be in fact be necessary to sustain

the charge of bribery against Anderson before

he could be disqualified.

Mr. Boush, to save time admitted that

the petitioner was a candidate, and then put

in the issue which had been served upon

Anderson, charging him and his agents with

bribery. Mr. Boush referred to the Test

Bill, and said that the amount of the

fine, in England, in which it was shown

that bribery had been committed by one of

the candidates, in what is called in Canada,

a conviction, in order to obtain the nomination

as a candidate, and cited Charles

Leigh on election, page 102, to sustain his

position.

The Judge thought it a very nice distinc-

tion to make, that a man could be a candi-

date, and yet be guilty of bribery, and he

referred to the point, and said that if

he had been guilty of such corrupt practices

he would be brought out by the evidence

presented, he should ask for time to do so.

Mr. Boush replied that that request

was not reasonable and he should not request

it.

Mr. KERR rose to make some remarks,

and the Judge stopped him, saying that

he was to be a candidate, and he should

be allowed to take notes of what was said

by any one of them.

Mr. Boush then called Wm. Owens,

registrar of the Court, who was sworn and

asked if he had any evidence to give.

He said that he had, and that he was

asked to give evidence as to what he had

seen and heard. He then stated that he

had seen and heard that Mr. Cameron

was a candidate, and that he was

asked to give evidence as to what he had

seen and heard. He then stated that he

had seen and heard that Mr. Cameron

was a candidate, and that he was

asked to give evidence as to what he had

seen and heard. He then stated that he

had seen and heard that Mr. Cameron

was a candidate, and that he was

asked to give evidence as to what he had

seen and heard. He then stated that he

had seen and heard that Mr. Cameron

was a candidate, and that he was

asked to give evidence as to what he had

seen and heard. He then stated that he

had seen and heard that Mr. Cameron

was a candidate, and that he was

asked to give evidence as to what he had

seen and heard. He then stated that he

had seen and heard that Mr. Cameron

was a candidate, and that he was

asked to give evidence as to what he had

seen and heard. He then stated that he

had seen and heard that Mr. Cameron

was a candidate, and that he was

asked to give evidence as to what he had

seen and heard. He then stated that he

had seen and heard that Mr. Cameron

was a candidate, and that he was

asked to give evidence as to what he had

seen and heard. He then stated that he
